## // FEATURES

:: Drill-free: easy fitting and installation. SmartLocker AX is fully customizable. The platform offers the right variant for every cabinet door.

:: Quick-Click installation: our Quick-Click system makes installation easy and avoids additional fixing holes.

:: Bolt inserts: quick and convenient adjustment. Different bolt inserts enable the lock to be optimally positioned in the locker door.

:: Anti-tampering contact on the housing lid: any tampering attempts can be displayed in the LSM software.

:: Emergency power supply via USB: if the batteries should actually be flat, SmartLocker AX can simply be powered and opened via a USB port as a back-up power supply.

:: No more deadbolt blocking: the pre-tensioned bolt spring prevents bolt from blocking if the locker is too full and objects are pressing against the locker door on the inside.

:: Visual and audible feedback signals: a visual and an audible signal indicate when the lock is opened or closed (can be switched off).

:: Durable: up to 50,000 openings without changing the battery (depending on the reading technology and operating mode).

Cost-effective standard batteries: 2 x AA round cell 1.5 V (alkaline).
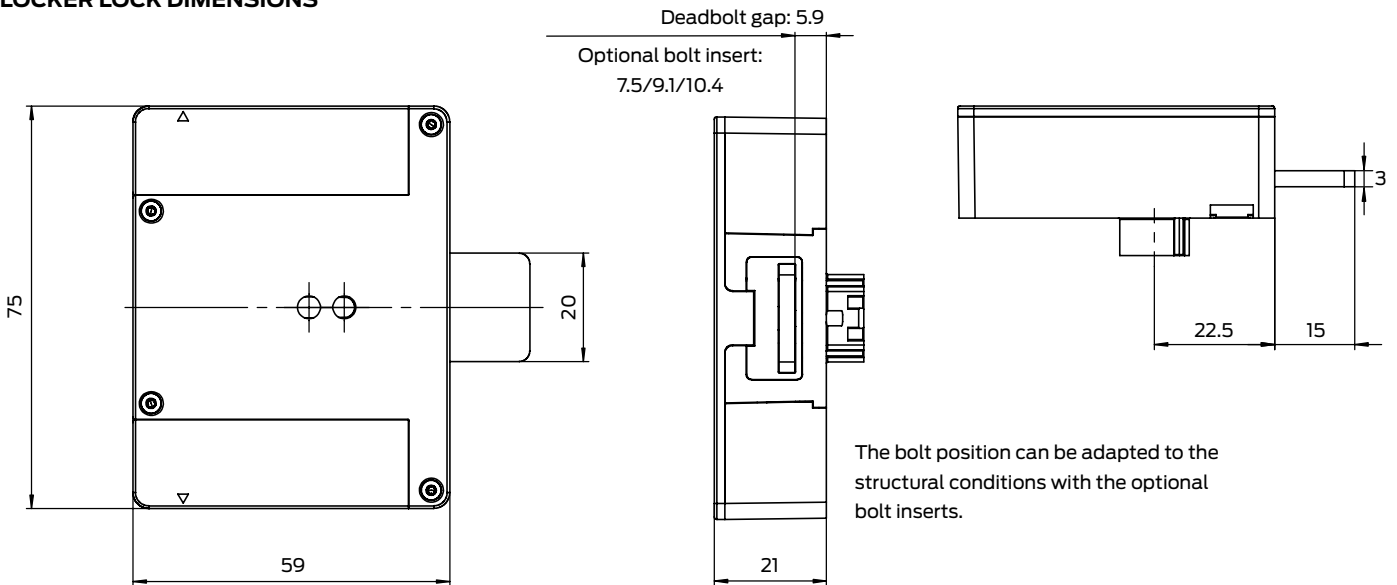

:: Made in Germany. A given for us.

// TECHNICAL DATA

Opening diameter in the locker/cabinet	19 mm (double D punch)	Battery type	2 x AA round cell 1.5 V (alkaline)
Lock dimensions (W x H x D)	59 x 75 x 21 mm	Battery life	Battery life: up to 50,000 lock operations or up to 5 years on standby (depending on the reading technology and operating mode)
Outer reader dimensions (W x H x D)	41,3 x 75,3 x 20 mm		
Dead bolt dimensions (W x H x D)	15 x 20 x 3 mm	Temperature range	0 ºC to +65 ºC
Reader systems	:: Active transponder technology :: Passive (MIFARE® Classic and DESFire®) EV1/EV2/EV3 :: Hybrid (active and passive) :: Bluetooth Low Energy (BLE) in pipeline	Protection rating	IP40
		Radio network	Network-ready with integrated LockNode (can be retrofit)
		Signalling	Audible (buzzer) Visual (LED - green/red)
Operation types	Offline, virtual network and online (can be combined)	Offline storable accesses	3,000
		Time zone groups	100+1
		Number of media which can be managed per SmartLocker AX	Up to 64,000
