

# SMART CARD

THE SMART CARD SERVES AS A IDENTIFICATION MEDIA  
IN THE SYSTEM 3060

## DIGITAL LOCKING CYLINDERS

Place the SmartCard  
directly in front of the  
digital cylinder.

Wait vor the visual  
confirmation.

Then turn the knob of  
the digital cylinder in the  
direction of opening.

Then open the door.

## DIGITAL SMART HANDLES

Place the SmartCard  
in front of the  
SmartHandle.

Wait for the visual  
confirmation.

Then press the handle  
down.

Then open the door.

## COMPACT READERS

Place the SmartCard  
in front of the  
CompactReader.

Wait for the visual  
confirmation.

The associated device  
will open the door e.g.  
a electric door opener ...

... or a barrier will be  
opened.
